

Lettering

Lesson of the DAY

Art Deco
Multi-linear
letterforms

Oh, how fun to peruse the gourmet shops for pretty lettering! Here, 'ALMONDS' is riffing off of a deco style. Note the rounded tops of the 'A', 'M', and 'N'. Check out the triple brown and black lines within each letter. Draw the word 'ALMONDS'. Use two colors. Bonus: See if you can write the word 'FORWARD' using the letters of 'ALMOND' as your guide, turning the 'M' upside down to create the 'W', or morphing the 'A' into an 'R', or example.
